This Ministry does not monitor the production and sales turn-over of individual formulations.

Apparel Export Promotion Council

2169. SHRI GULAM MOHI-UD-DIN SHAWL: Will the Minister of INDUSTRY AND COMPANY AFFAIRS be pleased to state:

(a) whether it has been brought to the notice of the Secretary, Department of Company Affairs; the Regional Director, Company Law Board, Kanpur, and the Registrar of Companies New Delhi, that the Apparel Export Promotion Council, New Delhi, is violating the conditions of the Licence granted under Section 25 of the Companies Act, 1956, the Companies Regulations, 1956 and the Memorandum of Association, such as not allowing, inspection of Accounts to the members of the Company etc;

(b) what is the result of enquiries made so far including Show Cause Notice issued to the Council; if any; and

(c) if no action has been taken, what are the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY AND COMPANY AFFAIRS (SHRI ARIF MOHAMMAD KHAN): (a) Yes, Sir.

(b) and (c) The reply of the Council to the Show Cause Notice issued by the Regional Director, Kanpur, who is vested with powers in regard to such companies under Section 25 of the Companies Act, 1956, has not so far been received and the matter is under consideration of the Regional Director.

Export performance of BHEL

2170. SHRI SHANKER SINH VAGHELA: Will the Minister of INDUSTRY AND COMPANY AFFAIRS be pleased to state:

(a) what has been the export performance of BHEL during the last three years; and

(b) what are the details of the export performance and the reasons for its decline, if any?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY AND COMPANY AFFAIRS (SHRI ARIF MOHD. KHAN): (a) The value of exports of BHEL during the last three years 1982—85 was Rs. 6212 lakhs.

(b) The value of exports of BHEL during each of the last three years was as under:

. . . . (*Rs. in lakhs*)

	Value of exports
1982-83	3026
1983-84	2735
1984-85	451

The following are among the reasons for decline in the exports:

(i) Against a capacity of about 1,30,000 MW the world over, the orders placed in the last five years has been around 25000/30000 MW only on an average, giving rise to a global recession.

(ii) Developing countries who are in need of power equipment, expect substantial amounts of credit to be offered by suppliers at low rates of interest and with long repayment periods. Industrialised countries are offering mixed credit packages where part of the equipment cost is covered by aid and the balance against low interest credit. The amount of such aid or low interest funds available to Indian companies is very meagre, with the result that they are not able to offer attractive mixed credit packages to the prospective customers, matching offers made by competitors.

2171. (Transferred to the 22nd August 1985).
